How that may be to permit no secession-to take, hold and posdone none can tell. There are newsmongers such proposition has been made. Still I shall not be surprised to bear at any moment that Bull Run was one, I fear. A short time will ive the mystery.

The Moniteur, you are aware, publishes from were at Newbern time to time " letters from London," which during the last few weeks, which the Yankees the east branch. fand has assumed in the present civil war, and when she did, and reports that it was not for it must be admitted that the criticisms made want of ammunition that the garrison surren-

the announced intention of the Washington reached them.

Union Covention of Columbus. CLEVELAND, September 5 .- The Union cor

GOV. MAGOFFIN'S MESSAGE. We have received Gov. MAGOFFIN's meaage to the Kentucky Legislature, published n the Louisville Concier of the 6th inst. It is

torially the following synopsis of it. The Governor's message has been received, nd baving carefully read it, we take pleasure saying that we believe it will commend sail to the most lavarable consideration of lar and extraordinary manimity approve and appleud it, as being comprehensive, full, satstactory, temperate, wise in its suggestions, correct in its statements, and altogether worthy of its distinguished author.

He regards the authorities, sustained by he people of the State, as having fully committed Kentucky to a position of honest and strict nentrality between the parties to the war so unhappily afflicting the country, and lates, the nature of our institutions, the philosophy of their construction, and the ming a neutral attitude in a struggle brought on against her wishes, and for the inaugura-

Three times recently the people of the State | Capitol Hill.

He correctly construes the results of the elecions in Kentucky as signifying that the poole are not prepared to dissolve their relation the old Union, and are not willing to be emsloyed in any way, as partisans for or against atter of the beliggrents in the unhappy war e ween the Federal and Confederate governmen s-as being emphatic refusals to be made session of Paducah yesterday, and seized the the instruments of coercing the seceded States y force of arms. He regards the success of a sectional party committed to a platform in conflict with the

Constitution of the United States as construed by the proper tribunais, and of the rights of he States and the people of the States, as the cause of our present troubles, while he believes or people did not approve the separate action "We are not," he says, "responsible for the war, and ought not to be invoked by either section to involve her people or the State in

Until recently the neurality of our State has ot been seriously aggressed upon by either of he belligerents, though lawless raids have een auffered from both stdes, our property aving been seized, our commerce interrupte and our trade destroyed. These wrongs have men borne by our people. More recently, howver, a military rouce ban been raised, equip ped, and care inped to the central part of th tate, the officers of which are commissiiv an act and under orders from the President te soldiers being mustered into the service of the United States, this step having been taken without consultation with the legal authorities render, and took from them a large amount of dent's house and three (3) of Arlington content, and just before the assembling of a content, and just before the assembling of a

> whose bands the destinies of the State bad been committed.
